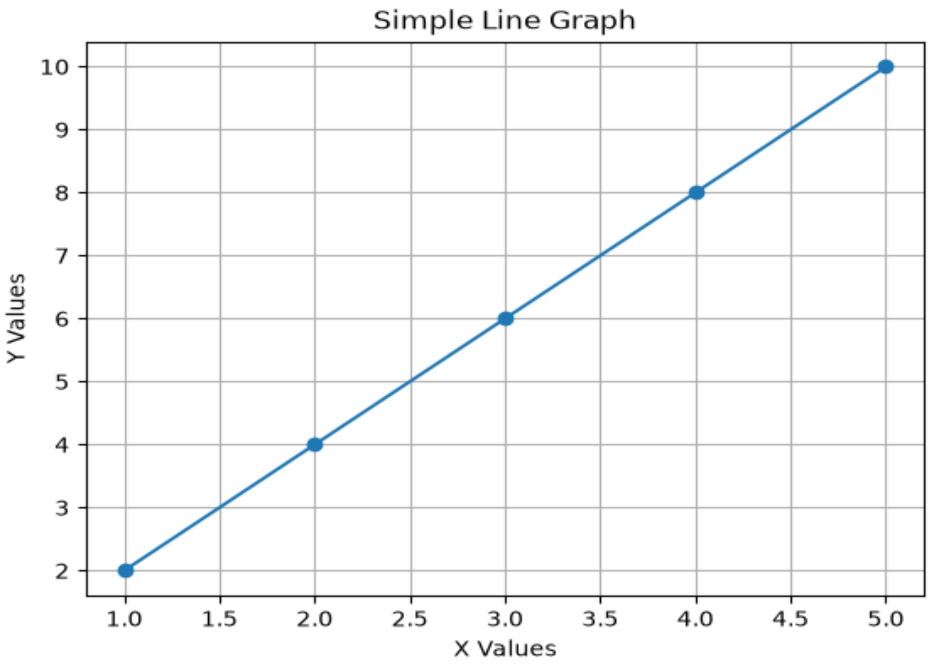
Experiment 1: Install Matplotlib and Display a Simple Line Graph

Python Program

```
import matplotlib.pyplot as plt

x = [1, 2, 3, 4, 5]
y = [2, 4, 6, 8, 10]

plt.plot(x, y, marker="o")
plt.title("Simple Line Graph")
plt.xlabel("X Values")
plt.ylabel("Y Values")
plt.grid(True)

plt.show()
```


Output
